About

It's one year before the World Cup starts. After yet another game lost by the national team fans decide to pick a new coach among them. And now unpretentious cook Dima faces a very difficult challenge: not only has he to pick a team of the best players and practice winning strategies, but also make it to the World Cup playoff for the first time in the history of the Russian football. And while his only help can come from legendary football players, everyone can put spokes in his wheel starting from sports officials to his subordinates who do not take this self-taught man seriously.
