## About

"Rugby" is an inspiring sports drama about how it is never too late to make a fresh start. Nastya is a champion of Russia in artistic gymnastics. Not only does she love competition, but she has no idea what her life can be like without sport. However, a con ict with her coach forces her to abandon everything she loves. Nastya is not ready to give up and decides to try herself in women's rugby. Coincidentally she meets Max, a former boxer who has also had to give up his normal life for the men's team of the same sports club. Together they enter a new world, the brutal world of rugby. But neither Nastya nor Max are afraid of obstacles, and nothing will stop them from showing what they truly are capable of.
