About

As a result of an unsuccessful time travel experiment, two families living 37 years apart find themselves neighbors inside the same apartment, half of which is in 1982 and the other in 2020. In the 82nd year, Professor Matvey Piotrovsky lives in this apartment with his nineteen-year-old grandson Pavel, and in 2020 - Sergey and Svetlana Uspekhov with their daughter Christina. The new neighborhood gives the heroes a lot of problems and inconveniences, since the layering of two times deprives each of the families of access to the second half of the apartment.

About

A hard worker who does little to raise his son should become an exemplary father so that the court, after a divorce, will appoint him as the custodian. To do this, he is forced to enter the parent committee of the class where his son is studying. This story is about how we raise children, about how children change us, and we change for their sake. This is a story about how we go to school with the children, although at first it seems that only they go there. The story of childhood love and its continuation in "adult" life. This is a story about the endless love of father and son, which will help them overcome all possible difficulties.
