About

As a result of an unsuccessful time travel experiment, two families living 37 years apart find themselves neighbors inside the same apartment, half of which is in 1982 and the other in 2020. In the 82nd year, Professor Matvey Piotrovsky lives in this apartment with his nineteen-year-old grandson Pavel, and in 2020 - Sergey and Svetlana Uspekhov with their daughter Christina. The new neighborhood gives the heroes a lot of problems and inconveniences, since the layering of two times deprives each of the families of access to the second half of the apartment.
